 Deepjot Singh

PROFESSIONAL SUMMARY

I have recently completed my Bachelor of Computer Applications , developing a strong foundation in core programming concepts and software development. I possess basic knowledge of C and Java, and I am currently enhancing my technical skills by learning the MERN stack. I also have a good understanding of HTML, CSS, and JavaScript, which helps me build clean and responsive user interfaces. I am eager to grow as a developer, take on real-world projects, and continuously improve my skills through hands-on learning and practical experience.

Professional Experience

02/2024 – 07/2024
kota

Freelance

- Crafted and structured 250+ academic and technical documents in **LaTeX** and **Overleaf** with a focus on precision and polished formatting.
- Developed customized templates and implemented data validation and documentation standards based on individual client needs.

EDUCATION

06/2022 – 05/2025
Kota, India

Bachelor of Computer Applications (BCA),
Modi Institute of Management & Technology
CGPA: 7.1/ 10

2020 – 2021
kota

Secondary School (12th), RBSE, Maa Bharti Sr Sec. School
Percentage: 80%

PROJECTS

Hospital Management System-Backend (Database Development), MySQL Database Design

- Designed and implemented a structured database for managing hospital records, including patients, doctors, appointments, and billing.
- Created optimized tables, relationships, and queries to ensure accurate data handling and smooth system performance.

Portfolio

- Developed a clean and responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my skills and projects.
- Designed a modern, easy-to-navigate layout with organized sections and mobile-friendly optimization for a professional online presence.

Skills

Languages: Java, C, JavaScript, html, css

Database: MySQL, SQL

Tools: Git, VS Code, Overleaf

Certifications / Training

09/2025 – Present

MERN Stack Program — Sheriyans Coding School
